# Registering Solo Watch via Knox Management

**PRODUCT:** Solo

**VERSION:**

**AUTHOR:** J-pee De Guzman

**APPROVED BY:**

This process is your next step to register your Galaxy Watch after enrolling it to Knox Management. Ensure that you have enrolled the watch first to Knox Management before doing this step.

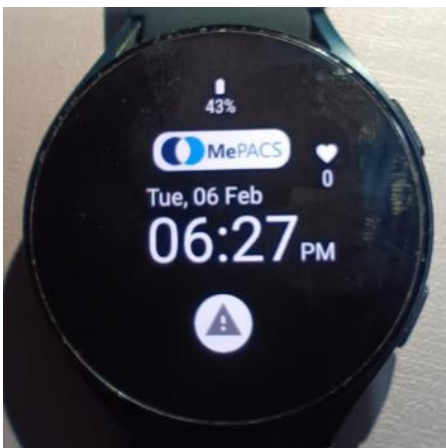

**Requirements:**

- Galaxy Watch 4, 5 or 6 (at least 4.0 Wear OS Version)
- Samsung Android 11 and above
- Do Knox Management Enrollment

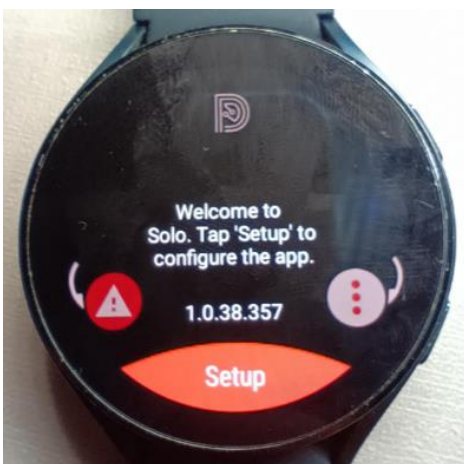

*Registration Preparation*

1. Download the **Damstra Solo App** to your Samsung Smartphone and log in.
2. The interface of the Galaxy watch will change into the configured application of your company.

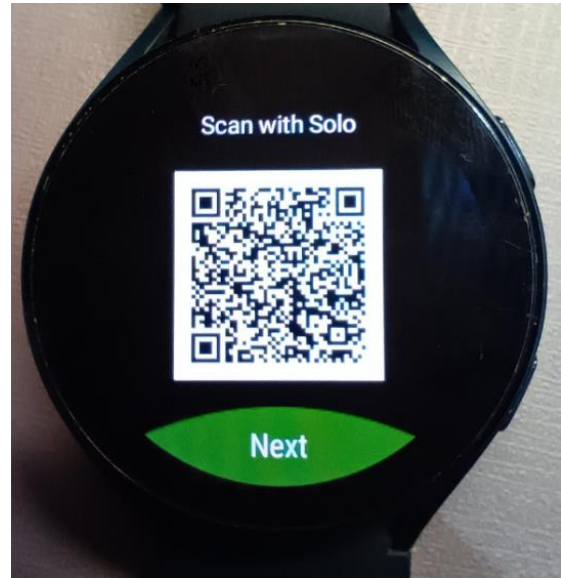

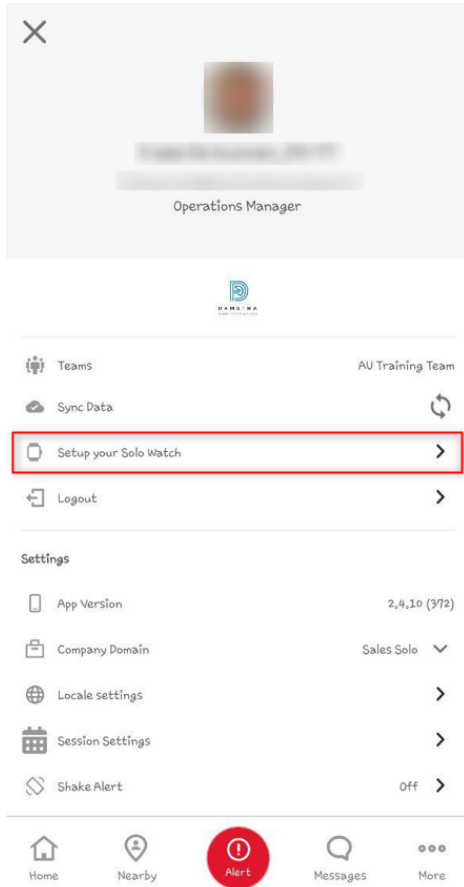

Click the  icon to begin the setup.

3. Welcome page will appear on your Galaxy Watch and click the **Setup** button.

4. To setup your watch, **scan the QR code** with the Solo app on your smartphone.

5. The details of the Galaxy watch will be displayed on your smartphone, click **Register watch** to complete the process.
